MEMORARDUM FOR: Assistant Director for Personnel

SUBJECT: Federal Employees Group Life Insurance Act of 195h

- 1. Subject Act provides a plan of life insurance for all Federal employees except those excluded by law or regulation and except those who voluntarily wedve coverage under the Act. One group of Agency employees is presently excluded from participating in this life insurance by Civil Service Commission regulations, which group consists of those employees whose duties involve the security of the United States and preclude their identification as employees of the Federal Covernment. The Agency was instrumental in having this exclusion adepted by the Sivil Service Commission because of the security considerations inherent in the employment of certain staff agents under non-efficial cover. It was recognised that the processing of death claims for such individuals might well compromise the security of highly sensitive operations and endanger the lives of other individuals engaged in work elecely associated with the deceased number. From the sector it was recognized, housver, that should the Agency be able to establish within the Office of Federal Employees' Group Life Insurance a secure method of processing each claims, the exclusion would become wenecessary.
- Agency and of the immividual staff agent so employed to afford insurance coverage under subject Act. I have directed the Deputy Director (Administration) to instruct the Comptroller to pay the appropriate presently excluded staff agents in accordance with the Act. The Comptroller will continue to pay the required presiums until the Agency has been able to communicate with each employee involved and determine whether coverage is desired. When a positive answer has been received, the Comptroller will seeme paying the premiums and will be guided by the individual's desires. If the individual sleets to receive insurance coverage, his pay account will be charged for coverage from 28 August 195h. If the individual declines to receive insurance coverage, no collection will be made for the period during which he has been covered.
 - 3. I am aware of the possibility that in the event of the death of some of the staff agents involved the Agency might be unable or wealthing to admit affiliation of the deceased member with any part of the U.S. to admit affiliation of the deceased member with any part of the U.S. to establishing the following devernment. With this possibility in mind, I am establishing the following procedure to be observed in the processing of a claim resulting from the death of any staff agent under non-official covers
